

## PRODUCT FICHE

# gorenje

## Side by Side 20004024 NRS918EMB

### USP :

|  |  |
|--|--|
| NoFrost Plus                                     | One of the best cooling systems in the market, installed in the freezer compartment, prevents the accumulation of ice and frost to keep the power consumption low, while in the refrigerator compartment, it maintains an ideal microclimate for fresh food. Circulation of ionized air prevents the food from drying out and retains its vitamins and minerals. |
| FreshZone drawer                                 | ✓  |
| Freezer illumination                             | LED light  |
| Air movement                                     | MultiFlow Cooling - fridge   |
| Electronic control SensoTech                     | Large and clearly laid out LED display allows instant control over the temperature settings. Features like FastFreeze and HolidayMode can be switched on with a simple touch. And in case of a sudden increase in temperature an integrated alarm will warn you right away.  |
| Inverter compressor                              | Inverter compressors are quieter, more durable and consume less energy as compared to a conventional compressor. They adapt better and faster to temperature changes inside the refrigerator, for example when the door is opened, which means less temperature fluctuations and better storage conditions for your food.  |
| Type of display                                  | LED display  |
| FastFreeze                                       | Freezing large amounts of food? The FastFreeze function freezes the food at -24 °C to preserve the minerals in the food and retain its quality. After approximately 26 hours, the function is switched off automatically and the freezer compartment temperature returns to the initial setting.   |
| Ice maker  | Twist ice maker  |
| Illuminated interior of refrigerator compartment | LED interior light on the ceiling  |
| Wheels   | 4  |
| Vacation mode Go'n'Save                          | The Go'n'Save vacation mode automatically sets the fridge temperature and maximises energy efficiency.   |
| Door opened indicator                            | Sound alarm for open door  |
| Refrigerant                                      | R600A  |
| The wire bottle rack                             | With the practical bottle holder your bottles and cans are easily accessible and don't take up the space that could otherwise be used to store other items.  |
| Vegetable drawer                                 | 2 vegetable drawers  |

### Basic information :

|  |               |
|--|---------------|
| Possibility of remote update for maintenance | No            |
| Product name / Family                        | Side by Side  |
| Brand  | GORENJE       |
| Commercial code                              | NRS918EMB     |
| Internal article number                      | 20004024      |
| EAN code                                     | 3838782485534 |
| Product category                             | Refrigerator  |
| Type of control                              | Electronic    |
| Construction type                            | No            |
| Main colour of the product                   | N/A           |
| Door panel options                           | N/A           |
| Connection Rating                            | 240 W         |
| Current                                      | N/A           |
| Voltage                                      | 220-240 V     |
| Frequency                                    | 50 Hz         |
| Marks of conformity                          | CE,GS         |
| Number of compressors                        | 1             |
| Length of electrical supply cord             | 200 cm        |

|                                       |   |
|---------------------------------------|---|
| Plug type                             | Euro  |
| Total volume                          | 519 l   |
| Capacity in 0.75l (Bordeaux bottles)  | N/A   |
| Number of independent cooling systems | 1   |
| Height                                | 1786 mm   |
| Width                                 | 910 mm  |
| Depth                                 | 643 mm  |
| Door hinge                            | N/A   |
| Adjustable feet                       | Yes - front only  |
| Height of the packed product          | 1885 mm   |
| Width of the packed product           | 966 mm  |
| Depth of the packed product           | 720 mm  |
| Net weight                            | 83,0 kg   |
| Product type                          | 2 doors   |
| Gross weight                          | 93,0 kg   |
| Color / Material body                 | Coil coated sheet   |
| Color / Material door                 | H317; Black colour of brushed steel N/A Coil coated sheet |

## Features :

|   |                                       |
|---|---------------------------------------|
| Short description of the product  | HZLF52962 - NRS918EMB - ADVANCED LINE |
| Energy Smart appliance, able to optimise consumption pattern (2017/1369/EU) | No                                    |
| Interior light  | Yes                                   |
| Defrost process fridge section  | Automatic                             |
| Defrost process freezer section   | Automatic                             |
| Fast cooling  | N/A                                   |
| Fast freezing   | Yes                                   |
| Door opened indicator freezer   | Yes                                   |
| Temperature setting independent of external temp.                           | N/A                                   |
| Temperature adjustable freezer  | Yes                                   |
| Freezer section with thaw water drainage system                             | Yes                                   |
| Interior ventilator fridge section  | N/A                                   |
| Number drawers / baskets in the freezer                                     | 2                                     |
| Number of freezing compartments with doors / interior doors                 | 0                                     |
| Automatic motor-driven ice-maker  | No                                    |
| Bottle holder   | Yes                                   |
| Number of shelves in fridge compartment                                     | 5                                     |
| Number of Adjustable Shelves in fridge compartment                          | 3                                     |
| Material of the shelves   | Glass                                 |
| Thermometer fridge section  | None                                  |
| Thermometer freezer section   | None                                  |
| Number of temperature zones   | 2                                     |
| Temperature range   | N/A                                   |
| Vegetable compartment   | Yes                                   |
| Included accessories  | Ice tray - 1<br>Egg rack - 2/12       |
| Reversible door hinge   | N/A                                   |

## Energy label information / Performance :

|  |                  |
|--|------------------|
| Maximum ambient temperature              | 38 °C            |
| Minimum ambient temperature              | 10 °C            |
| Temperature rise time                    | 6.00 h           |
| Annual energy consumption (EU 2019/2016) | 309,0 kWh/annum  |
| Airborne acoustical noise emission class | D                |
| Star Rating                              | 4                |
| Energy Efficiency Class (EU 2019/2016)   | E                |
| Fresh food compartment volume            | 334 l            |
| Freezer compartment volume 4*            | 185 l            |
| Freezing capacity                        | 11,00 Kg/24h     |
| Climate class                            | N, ST, SN        |
| Noise level                              | 42 dB(A) re 1 pW |
| Frost free system                        | Full             |
