6TH SENSE technology

No more guesswork. Simply pick your recipes, and let 6th SENSE cook them to perfection, every time. Up to 43 cooking combinations organized to fit your lifestyle and diet, for a full assisted cooking experience.

Steam

Pure steam (100% saturated) is directly injected into the cavity, making the cooking process extremely delicate.

Reheat

Fast reheating. Your reheated meal will taste as good as it did when it was first cooked, with the fast, intuitive Reheat function.

Defrost

Effortless defrosting. The Defrost function delicately defrosts your food, to ensure great taste and texture, in little time.

Forced Air Plus steam

Ideal cooking results. This Whirlpool Steam Oven combines the efficient, even and thorough cooking results of Forced Air technology, with the healthy, natural action of steam.

Forced Air

Seal in the taste. Thanks to the Forced Air technology, preheated air is circulated inside your Steam-Oven using an innovative convection system, giving you moist, juicy cooking results.

Assisted Display

Just by selecting a food type, the oven sets the right programme and time to ensure perfectly cooked meals and dishes every time. Intuitive access to every function to make cooking easy and convenient.

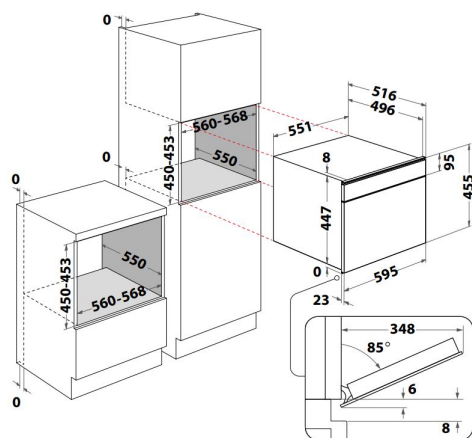

Electronic type of control

This Whirlpool Steam Oven features convenient electronic controls that ensure accurate and precise temperature settings.
